

travelcare essentials

travelcare essentials

Travelcare Essentials is a smart line, designed for single use, basic in packaging but very practical. The freestanding sachet, to have an effective exposure, is printed both sides, one side being totally white and the other using subtle pastel colours.

The customer has the choice of which side to present, an aspect that distinguishes the range and makes it adaptable to environments of any kind.

Equally important is the advice for use:

for your hair & body
for your body
for your hair
for your skin
for your hair repair

The collection includes free standing easy opening sachets with cleansers for body and hair, body lotion and a small flow-pack soap. Completing the range, the personalised amenities pochette.
